HPL
POWER OF TECHNOLOGY
LED LIGHTING

About Us

Founded in 1956 and displaying an unwavering commitment to the creation of world-class quality products ever since, the HPL Group has created a niche for itself in the electrical industry. Today, HPL is regarded as "The Technology Brand of India" and is one of the premium manufacturers of reliable Electrical Protection Equipments, Switchgears, Electronic Energy Meters and Energy Management Systems. Consistent and sound policies have helped the HPL Group mark a strong presence nationally as well as globally.

A fast growing company that boasts of more than 3000 dealers, HPL continuously keeps adding new products to its already impressive portfolio. Modular Switches are the latest addition to the range. Social and environmental responsibility has been at the forefront of HPL's operating philosophy and the company consistently contributes to socially responsible activities. Our geographical reach access across market segments and our ability to cater to new requirement of the customer with smart solutions makes us a multipolar group.

HPL product profile's unparalleled domain expertise is reflected in the following strategic business units:

• LV Switchgears

• LV Protection Devices

• Modular Switches

• Metering and Energy Management System

• LED Lighting

• Luminaries.

• Wires & Cables

HPL takes pride in its networking to support and augment the product line. HPL Group with its Head Office at New Delhi has extensive sales and marketing network of 69 branches including resident representatives, over 3000 Authorized Dealers and 27000 retailers across the country, who are committed to provide solutions and services to customers' delight.

LED Benefits

1

20%
OF THE **WORLD'S**
ENERGY USE
OF THE
LIGHTING

THIS COULD BE
REDUCED
TO JUST **4%**
WITH
LED LIGHTING

2

30 incandescent Bulb

LED Bulb

you will throw away about **30**
incandescent for every **1 LED**

3

REDUCE
carbon
Footprint

4

Your lighting
electricity costs
could be reduced by
80-90%
by switching to energy
saving LED light bulbs.
This IS a cause
for celebration

24000
Your lighting
electricity costs
could be reduced by

IF...
every home replaced just
1 bulb with an LED. it would
be the equivalent of taking
800,000 Cars
off the road
Or Planting
400,000,000
trees
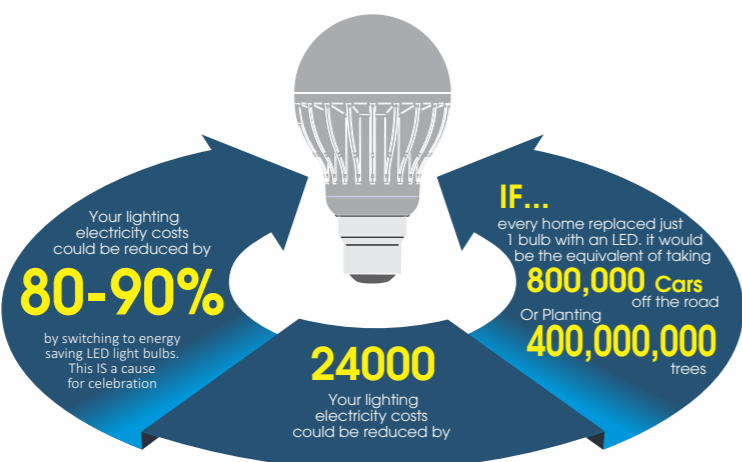

Consumer Benefits

Energy Savings
85% Energy Saving

Highly efficient leds ensures saving upto 50%

Sleek & Compact Design
Compact & Sleek Design

Elegantly designed fittings which ensures large stream of applications – offices, Residentials, Hotels, Restaurants, Shopping Malls and Hospitality.

Long Life
long life 30000 hrs.

The life of Led is 5-6 times of CFLs' , which makes a perfect lighting solution as it ensures high energy saving with long service life

Maintenance Free
Maintenance free

The highly efficient electronic drivers ensures maintenance free and long service life
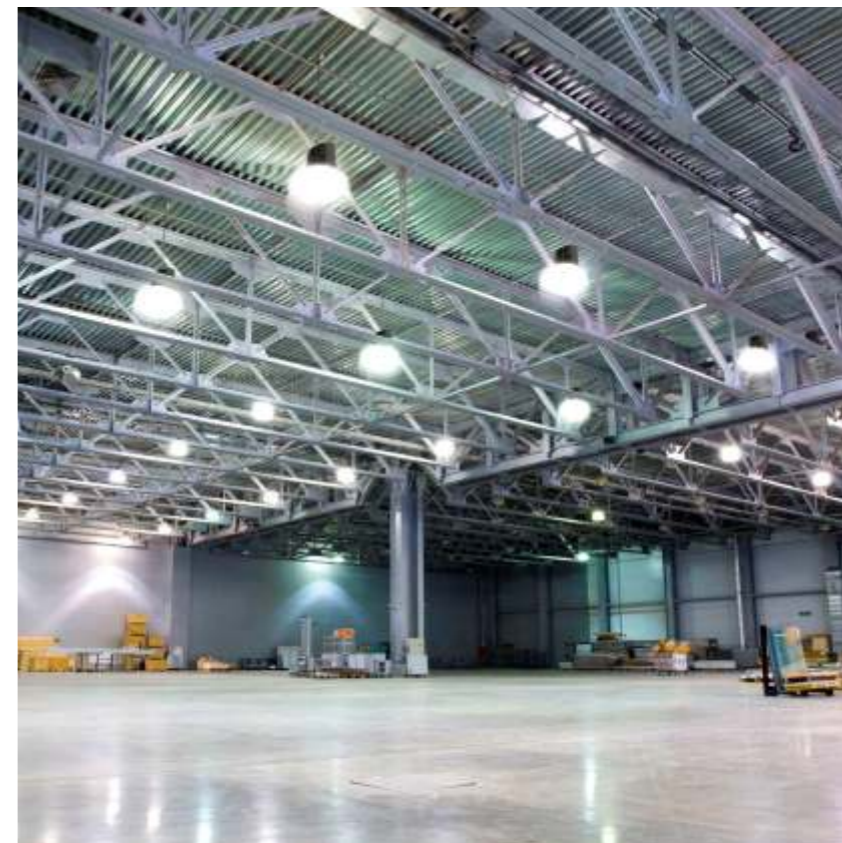

Eco Lighting Solution
ECO light solution

Led lighting is a pollution free solution without any mercury or lead content .

HPL

Industrial Lighting

LED Warehouse Lighting insures optimum productivity and ease of navigation by providing phenomenal lighting in your warehouse or industrial facility. High and low bay lighting along with powerful heavy duty heat sink . These superior quality LED high bay luminaire fixtures offer maximum energy savings, reduce maintenance costs.
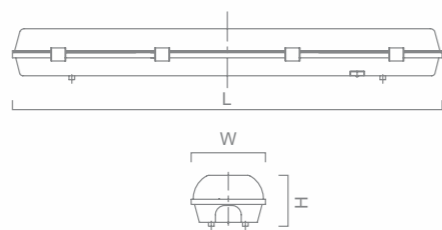

LED Strom

Product Features

- Made up of corrosion resistant unbreakable poly carbonate body
- High quality PC cover for LED linear lamp ensures soft and glare free lighting
- Specially designed aluminum housing for excellent Heat dissipation
- Ensures IP65 Protection
- Aesthetically designed gas kit for better heat dissipation and protection support
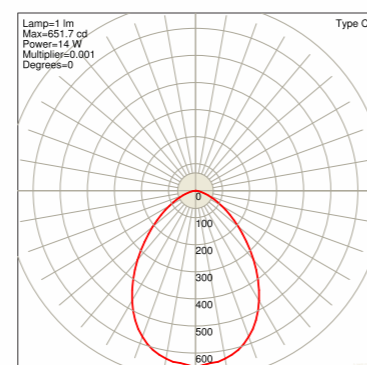

Applications

- Housing made of CRCA Die formed housing, UV and corrosion resistance, with durable, anti-fading and anti-scratch Electrostatic
- Thermo-painting finish in Architectural White black grey etc.
- High transmittance PC diffuser specially designed for LED light source creating smooth and uniform lighting distributions.
- Comfort for all lighting applications.
- Fixed direct distribution only advanced thermal management technology to ensure consistency of LED life span.
Applications

Hotels   Residential   Offices   Malls   Retail

LED Downlighters & Panels

LED Downlights & Panels are creating esthetics with better uniform illuminations in various commercial places. IT enhance the green energy at public places along with reduces carbon emissions.
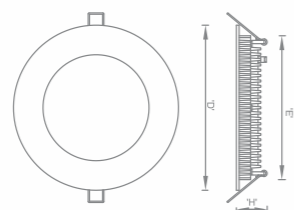

Sleek Plus
Round / Square

Product Features

- Solid sate high brightness SMD LED's for good quality illumination and longer life.
- Back lit Illumination technology
- Excellent heat dissipation through high purity, high thermal conductivity heat sink .
- Special reflector system with high efficiency Translucence diffuser .
- On board short circuit and surge protections for reliable electrical system
- Wide beam angle of 120° with efficacy over 100Lm/ W.
- Available in Round & Square Shape.

Applications

Hotels | Residential | Offices | Malls

Jonex Plus
Round / Square

Product Features

- Flat profile with wide-angle diffuser
- Housing made up of high heating conductive pure aluminum material
- Available in all color temperatures 6500K / 4000K / 2700K
- Highly efficient constant current drivers with additional protections
- Instant light with low running temperatures
- Surface mounting application
- Available in Round & Square Shape.

Applications

Hotels | Residential | Offices | Malls | Retail

LED Tubes & Battens

LED products are BRIGHT! Besides being extremely efficient, premium LED products like LifeSpec Lighting lights have a very high lumen output, which results in a very well lit and comfortable environment. Retrofit customers can expect a space which is 20-30% brighter than pre-retrofit.
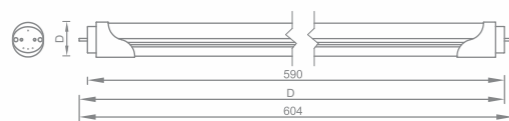

Indus
T8

Product Features

- High efficiency Led's for optimum light output and savings in power.
- High quality PC cover for LED linear lamp ensures soft and glare free lighting.
- Specially designed aluminium housing for excellent Heat dissipation.
- Short circuit & surge protection for enhanced reliability and longer service life of driver.
- Wide beam angle of 120° with efficacy over 100 Lm/ W.
- Retrofit Solution.
