ABOUT US

Halonix Technologies Pvt. Ltd. is amongst India's fastest growing residential and institutional lighting companies. The success of Halonix lies in its unparalleled ability to develop, test and deploy lighting solutions that are adapted to the Indian conditions. Due to its focus on innovation, quality control and value for money, the brand is one of the top five brands in energy efficient lighting segment.

Halonix is a progressive, environment friendly lighting company which is at the forefront of emerging technologies such as LED & Solar. As a brand that stands for 'The Right Light', Halonix continues to push the boundaries to develop better solutions and adapted to Indian conditions across the spectrum of home and institutional lighting. With its Pan-India distribution and service capabilities, it is delivering these efficient, energy saving and environment friendly services to all corners of India. Moreover, using its expertise with these emerging technologies it has transformed the lighting at some of the largest airports, railway stations, roads and highways, retail stores, offices and factories as a turnkey solution.

Halonix is pushing the credo of '**MAKE IN INDIA**' through its state-of-the-art manufacturing facilities based in Haridwar and has been accredited with ISO 9001, ISO 14001, and OHSAS 18001 certification. Halonix is 1st lighting brand in the country to get Bureau of Indian Standards (BIS) certification for our spectacular range in LED Street lights. It has a dedicated R&D team and one of the few companies to have its own NABL accredited test lab with a fully equipped state-of-the-art laboratory that tests and develops products tailor-made for India.
